LTC MINI TAGS

FINDING BEATS SEARCHING

Say goodbye to the cable guesswork. Enjoy more order with our labelable cable flags made of high-quality nylon fastening material.

LABELABLE

The included labels can be marked with any kind of indication for easy identification and convenience.

EASILY TO BUNDLE

Thanks to their practical nylon fastening straps, the cable flags are also suitable for the bundling of thin cables.

VARIOUS COLOURS

LTC MINI TAGS are also available in vibrant colours. That means you can recognize each cable not only by its label but also by its colour.

• *Other benefits* •

reusable

Good for the environment and budgets: LTC labels can be easily exchanged to fit all your changing needs.

extra-strong

You can open and close the nylon fastening straps as much as you like. LTC cables are robust and built to perform, even under the toughest of conditions.

versatile

LTC MINI TAGS can also be used for a number of everyday jobs, like the labelling and closing of spare parts bags.

gentle

The smooth nylon fastening material is gentle on all surface areas. The cable flags are also ideal for sensitive cables.

• *Application tips* •

FRIXION

When an erasable writing instrument is used during labelling (pens, pencils or Frixion pens), the labels can be reused.

SHORTENING

It can happen that when attaching a cable flag, a small piece remains. These can be simply cut off with scissors.
